

article P129.2 palo/ bollard

FISHATS nasce da un'idea di Colin Patrick Dinley e una collaborazione con ARTI 21. FISHATS è una serie giocosa, prodotta con tessuti normalmente utilizzati per cappelli impermeabili. L'effetto luminoso è vibrante e intenso con 4 colori di tessuto da scegliere. La serie FISHATS è completa di applique e sospensioni multiple, utili per grandi spazi.

FISHATS is the result of a collaboration with ARTI 21. Based on an idea of Colin Patrick Dinley, this playful light is produced with textile materials normally used for waterproof hats. The light is enhanced by the choice of 4 colours and glows vibrantly. FISHATS is a complete series for indoors, including wall lights and modular suspensions useful for large areas.

specifiche tecniche/ Technical data
